

Helpful tips to get the most out of this edition of the COIN

- For best performance, open in Firefox or Google Chrome.
- The COIN will not print if opened in Internet Explorer, please copy and paste the link into a different browser.
- Use the white arrows to the right and left of the pages OR the arrow buttons on your keyboard, to advance forward and back throughout the publication.
- Remember, it's easy to zoom in and out using the plus and minus icons on the bottom right hand side. Hover your mouse over the bottom corner, and they will appear next to the word "Issuu."
- Once zoomed in, click, hold and drag the mouse to move around a particular page.
